Cameron LNG Commences Commercial Operations for Train 1

Sempra LNG announced that Cameron LNG's first train of the liquefaction-export project in Hackberry, La., has begun commercial operations under Cameron LNG's tolling agreements.

"This is an exciting moment for Cameron LNG and for Sempra Energy," said Carlos Ruiz Sacristan, chairman and CEO of Sempra North American Infrastructure. "Cameron LNG is exporting liquefied natural gas (LNG) to customers in the largest world markets, helping to support economic growth in the U.S and abroad."
