# KBR Debuts New Look to Reflect Today's Dynamic, Modern KBR

May 03, 2019

HOUSTON, May 3, 2019 /PRNewswire/ – KBR, Inc. (NYSE: KBR) is excited to announce the unveiling of a new look to reflect today's dynamic and modern KBR. The launch of the new KBR brand includes a new logo, colors, and website. The company will continue to operate as KBR to preserve the legacy of the KBR name and its value in the Government Solutions and Energy industries.

Beginning in 2014, KBR executed a deliberate and strategic plan to transform the company into a global provider of differentiated professional services and technologies across the asset and program lifecycle within the Government Solutions and Energy sectors. The new bold and forward-looking brand reflects this evolution and positions KBR as an innovative leader and solutions provider to customers across multiple domains.

"It's a great time to be part of KBR," said Stuart Bradie, KBR President and CEO. "We have a unique culture driven by our smart, resourceful, pioneering people. We've transformed our company, delivering nine straight quarters of growth and are poised for dynamic, innovative growth for the foreseeable future.

"We are excited about the future and it is the perfect time to introduce a fresh look that reflects today's KBR."

The new logo and colors – designed by KBR employees – tells the story of the new KBR. Each element of the logo has significance.

The squares symbolize KBR's focus on and expertise in digitalization. The colors of the squares represent the environments in which we work: green represents land, dark blue represents water, light blue represents the sky and black represents outer space.

The globe illustrates our global reach while connecting the current KBR back to our roots. This year Brown & Root and thus KBR are celebrating our 100 year anniversary. The sun and the globe with their vantage point from space represents our never ceasing operations and our beyond global capability. At any time somewhere around the world our team is working to meet the needs of our customers.

KBR's new [website](#) is modern and inspirational and will better serve our customers, our employees and those looking to join KBR. The site is easy to navigate and better tells the KBR story.

and Energy sectors. KBR employs approximately 37,500 people worldwide (including our joint ventures), with customers in more than 80 countries, and operations in 40 countries, across three synergistic global businesses:

- Government Solutions, serving government customers globally, including capabilities that cover the full lifecycle of defense, space, aviation and other government programs and missions from research and development, through systems engineering, test and evaluation, program management, to operations, maintenance, and field logistics
- Technology Solutions, including proprietary technology focused on the monetization of hydrocarbons (especially natural gas and natural gas liquids) in ethylene and petrochemicals; ammonia, nitric acid and fertilizers; oil refining and gasification
- Energy Solutions, including onshore oil and gas; LNG (liquefaction and regasification)/GTL; oil refining; petrochemicals; chemicals; fertilizers; differentiated EPC; maintenance services (Brown & Root Industrial Services); offshore oil and gas (shallow-water, deep-water, subsea); floating solutions (FPU, FPSO, FLNG & FSRU); program management and consulting services

KBR is proud to work with its customers across the globe to provide technology, value-added services, integrated EPC delivery and long term operations and maintenance services to ensure consistent delivery with predictable results. At KBR, We Deliver.

#### Forward Looking Statement

The statements in this press release that are not historical statements, including statements regarding future financial performance, are forward-looking statements within the meaning of the federal securities laws. These statements are subject to numerous risks and uncertainties, many of which are beyond the company's control that could cause actual results to differ materially from the results expressed or implied by the statements. These risks and uncertainties include, but are not limited to: the outcome of and the publicity surrounding audits and investigations by domestic and foreign government agencies and legislative bodies; potential adverse proceedings by such agencies and potential adverse results and consequences from such proceedings; the scope and enforceability of the company's indemnities from its former parent; changes in capital spending by the company's customers; the company's ability to obtain contracts from existing and new customers and perform under those contracts; structural changes in the industries in which the company operates; escalating costs associated with and the performance of fixed-fee projects and the company's ability to control its cost under its contracts; claims negotiations and contract disputes with the company's customers; changes in the demand for or price of oil and/or natural gas; protection of intellectual property rights; compliance with environmental laws; changes in government regulations and regulatory requirements; compliance with laws related to income taxes; unsettled political conditions, war and the effects of terrorism; foreign operations and foreign exchange rates and controls; the development and installation of financial systems; increased competition for employees; the ability to successfully complete and integrate acquisitions; and operations of joint ventures, including joint ventures that are not controlled by the company.

KBR's most recently filed Annual Report on Form 10-K, any subsequent Form 10-Qs and 8-Ks, and other U.S. Securities and Exchange Commission filings discuss some of the important risk factors that KBR has identified that may affect the business, results of operations and financial condition. Except as required by law, KBR undertakes no obligation to revise or update publicly any forward-looking statements for any reason.
