Subject: The Aromatics 2 Debottlenecking Project Contract Signing

To: President, The Stock Exchange of Thailand

PTT Global Chemical Public Company ("the Company") is pleased to inform that on November 26, 2013, the Company had signed the engineering, procurement, and construction contract (EPC Contract) for the Aromatics 2 Debottlenecking Project with SK Engineering and Construction Company Limited (SKEC) from South Korea and PTT Maintenance and Engineering Company Limited (PTTME). This debottlenecking project will increase the nameplate capacity of Aromatics 2 from 1,070,000 tons per year to 1,240,000 tons per year or 16% increase. The total investment would be approximately USD 128.8 million with the target of completion by end of 2015. The raw material for this project is the intermediate product (Reformate from Refinery) which can enhance value added to the overall products of the Company. The source of fund for this project will be from the Company cash on hand.
