

Bridging Safety & Performance

isosorbide POLYSORB[®]

www.roquette.com

ROQUETTE
Offering the best of nature™

ISOSORBIDE, NOT ONLY BIOBASED ...

SUPERIOR OR EQUAL TECHNICAL PERFORMANCE

- High purity grade dedicated to polymer synthesis
- Improve mechanical performance without major process changes
- Enable innovation with industrial partner

COST COMPETITIVE

- Large production capacity yielding economies of scale
- Integrated biorefinery
- Partnership with actors along with the value chain

BIOBASED

- Sustainable, renewable feedstock
- Not dependent on petroleum
- Favorable Life Cycle Assessment (LCA)
