Polyplex in Turkey

POLYPLEX EUROPA

Polyplex Europa Polyester Film Sanayi Ve Ticaret Anonim Sirketi (PE) is our 100% Turkish subsidiary with its manufacturing facility in the European Free Trade Zone located in the European side of Turkey at Çorlu, Tekirdag. Our presence here brings us close to our markets in Central & Eastern Europe and the Middle-East besides North Africa.

Our manufacturing facility at Corlu has an installed capacity of:

Thin PET film - 58,000 tons per annum

Metallized film - 17,700 tons per annum

PET Resin - 57,600 tons per annum

Coated Film – 146 million Sqm

PE employs about 256 people in manufacturing, sales and corporate operations.

THE JOURNEY SO FAR

In 2005, operations began with a thin PET film line with a capacity of 29,000 tons per annum.

In 2006, a continuous process PET resin plant was added to feed captive requirements.

In 2008, a second thin PET film line with a capacity of 29,000 tons per annum was commissioned, taking the total capacity to 58,000 tons per annum of base PET film.

The two metallizers were installed in the year 2006 and 2008 respectively.

An additional metallizer with an annual capacity of 4,900 TPA is under implementation to augment capacity as well as portfolio of Metallized films.

POLYPLEX PAKETLEME

In September 2013, PE incorporated a 100% owned distribution subsidiary in Turkey by the name of POLYPLEX PAKETLEME ÇÖZÜMLERİ SANAYİ VE TİCARET ANONİM ŞİRKETİ to facilitate better market reach in local Turkish market.

POLYPLEX RESINS

Polyplex Resins Sanayi Ve Ticaret Anonim Sirketi (PR) is in the process of setting up a brown-field project in Turkey for manufacture of Bottle grade PET resin. This is the continuation of strategy of related diversification with opportunities in fast growing consumer products like mineral water bottles, carbonated soft drinks, beer/wine bottles etc.

The planned capacity of the plant is 210,000 MT per annum. PR has employed about 60 people in manufacturing, sales and corporate operations.
