Telecom Install

**Telecom****THE MOST INNOVATIVE PRODUCTS IN THE TELECOM INDUSTRY**

Dura-Line is leading the telecommunications market by offering not only the most complete product offering, but the most innovative products in the industry.

Silicore & Ribbed products allow for the fastest cable installation while achieving the longest installation distances in the industry, lowering the cost of your projects. Along with our complete offering of accessories, no company can offer such a complete package for your project needs.

Continuing the innovation process, Dura-Line has developed a complete line of MicroDuct and FuturePath products. Again, offering solutions, which lowers your installation costs while offering the most expandable network to meet all your future needs. Look no further than Dura-Line for your telecommunications duct and conduit needs.

Smoothwall

Smoothwall HDPE is the most commonly used underground raceway and is packaged in continuous lengths on reels or coils allowing for fast installation with minimum joints. Smoothwall can be installed via trenching,...

FuturePath

Dura-Line FuturePath™ consists of multiple variations of MicroDuct in specific sizes all bound together with an overshath for ease of placement. All of the MicroDuct have internal longitudinal ribbing (1) and a permanent...

Smooth Out Ribbed In

Dura-Line Smooth Outside Wall HDPE Conduit with internal longitudinal ribs is made to Industry Standards for Power and Communications Applications. It can be installed using open trench methods, HDD (Horizontal Directional...

Ribbed In/Out

Ribbed In/Ribbed Out In HDPE is a high-performance conduit used for underground installations into main conduits. Ribbed In/Ribbed Out In HDPE provides for reduced surface contact between inside walls and the cable...

PinPoint

Dura-Line PinPoint™ Locatable Conduit is made to Industry Standards for Power and Communications Applications. It can be installed using open trench methods, HDD (Horizontal Directional Drilled) Plowed, or pulled into...
