Technip awarded an important contract for a new Polyethylene Unit in Czech Republic

Technip was awarded by Unipetrol a.s. an important⁽¹⁾ contract on lumpsum turnkey basis, covering the engineering, procurement and construction (EPC) of a new Polyethylene Plant (PE3) in the complex located in Litvinov, Czech Republic.

Based on INEOS technology, the new unit will have a capacity of 270.000 t/y high density polyethylene.

Technip's operating centers in Rome, Italy, and Lyon, France, will execute this contract, scheduled to be completed in the middle of 2018.

Marco Villa, Technip Region B⁽²⁾ President, commented: *"This award confirms Technip as one of the world leaders in the petrochemical field. At the same time, it further strengthens our presence as key EPC contractor in the Eastern European market. In addition, this reflects another successful step in our cooperation with Ineos (/en/our-business/onshore/petrochemicals)."*

(1) For Technip, an “important” onshore contract is ranging from €100 to €250 million.

(2) Technip Region B is composed of Italy, Greece, Eastern Europe/Russia, Middle East, South America and Canada Onshore-Offshore.

Technip est un leader mondial du management de projets, de l'ingénierie et de la construction pour l'industrie de l'énergie.

Des développements Subsea les plus profonds aux infrastructures Offshore et Onshore les plus vastes et les plus complexes, nos 37 500 collaborateurs proposent les meilleures solutions et les technologies les plus innovantes pour répondre au défi énergétique mondial.

Implanté dans 48 pays sur tous les continents, Technip dispose d'infrastructures industrielles de pointe et d'une flotte de navires spécialisés dans l'installation de conduites et la construction sous-marine.
