

## The Chemours Company Reports Strong Second Quarter Results and Increases Full-Year 2017 Outlook

### Second Quarter 2017 Highlights

- Net Sales of \$1.6 billion, up 15%
- Net Income of \$161 million, up \$179 million with EPS of \$0.84, up \$0.94 per diluted share
- Adjusted EBITDA of \$361 million, up \$174 million, driven by strong year-over-year volume and price improvement in Titanium Technologies and Fluoroproducts
- Adjusted Net Income of \$166 million, up \$117 million with Adjusted EPS of \$0.87, up \$0.60 per diluted share
- Net leverage<sup>1</sup> down to 2.2 times, well below target of 3 times

**Wilmington, Del.**, August 2, 2017 – The Chemours Company (Chemours) (NYSE: CC), a global chemistry company with leading market positions in titanium technologies, fluoroproducts and chemical solutions, today announced financial results for the second quarter 2017.

Chemours President and CEO Mark Vergnano said, “Our strong financial performance is a clear reflection of the quality of our business segments, the engagement of our employees and the loyalty of our key customers. With two years behind us as a stand-alone company, we are seeing the positive effects of our transformation plan paired with improving end markets. Customer preference for our Ti-Pure™ titanium dioxide delivered another strong quarter for our Titanium Technologies business. Opteon™ refrigerants adoption ramp up remains in full force, leading the double-digit volume growth reported within Fluoroproducts. Overall, these resulted in higher volumes and significant margin improvement year-over-year. We are pleased with the strength of the first half and expect to continue this positive trajectory through 2017.”

Second quarter net sales were \$1.6 billion, an increase of 15 percent from \$1.4 billion in the prior-year quarter. Volume growth in all three segments drove a 15 percent increase in revenue and higher prices primarily for Ti-Pure™ titanium dioxide added another 7 percent. These results were reduced by 6 percent due to the portfolio effects of divestitures and site closure within Chemical Solutions, and a 1 percent currency headwind during the quarter. Second quarter net income of \$161 million, or \$0.84 per diluted share, increased \$179 million versus a net loss of \$18 million, or (\$0.10) per diluted share in last year’s second quarter. Adjusted EBITDA for the second quarter 2017 was \$361 million, a 93 percent increase compared to \$187 million in the second quarter of 2016. This improvement was primarily driven by increased volume and pricing, which were partially reduced by transformation-related costs, higher performance compensation expenses as compared to the prior year, and the impact of the portfolio changes in Chemical Solutions.

### Titanium Technologies

In the second quarter, Titanium Technologies segment sales were \$729 million, a 22 percent increase versus the prior-year quarter, driven by higher global average selling prices and demand for Ti-Pure™ titanium dioxide. Segment Adjusted EBITDA was \$193 million, a 74 percent year-over-year increase. The improved Ti-Pure™ titanium dioxide pricing and volumes were somewhat offset by higher costs primarily related to transformation activities and performance compensation.

<sup>1</sup> Defined as gross debt minus cash divided by trailing twelve-month Adjusted EBITDA

### **Fluoroproducts**

In the second quarter, Fluoroproducts segment sales were \$710 million, an increase of 24 percent versus the prior-year quarter. Expanded adoption of Opteon™ refrigerants and strong demand for fluoropolymers drove higher volume compared to last year's second quarter. Price modestly improved in comparison to last year's second quarter primarily as a result of higher prices of base refrigerants that were partially offset by lower fluoropolymers pricing and customer mix. Segment Adjusted EBITDA was \$197 million, an 88 percent increase versus the prior-year quarter, reflecting increased volume partially offset by higher costs related to transformation activities and performance compensation.

### **Chemical Solutions**

Chemical Solutions second quarter 2017 sales were \$149 million, a 30 percent decline versus the prior-year quarter, reflecting the impact of portfolio changes. Segment Adjusted EBITDA was \$7 million compared to \$11 million in the prior-year quarter with the decline primarily related to portfolio changes. Partially offsetting the declines, solid demand for both performance chemicals & intermediates and mining solutions products led to volume increases versus the previous year. In addition, modest price improvements partially offset raw material increases in the quarter.

### **Corporate and Other**

Corporate and Other represented a negative \$36 million of Adjusted EBITDA. Expenses in the second quarter of 2017 improved by \$4 million versus the prior-year quarter driven by timing of legal costs, partially offset by higher transformation costs.

During the second quarter 2017, the company realized a cash tax rate of approximately 11 percent. The company expects its cash tax rate to be in the mid-teens for the full-year 2017, reflecting the company's anticipated geographic mix of earnings.

### **Liquidity**

As of June 30, 2017, gross consolidated debt was approximately \$4.1 billion. Debt, net of \$1.5 billion cash, was approximately \$2.5 billion, resulting in a net debt-to-EBITDA ratio of approximately 2.2 times on a trailing twelve-month basis.

During the quarter, Chemours completed an offering of approximately \$500 million aggregate principal amount of 5.375% Senior Notes due 2027, with the intention of using the net proceeds of the offering for general corporate purposes, including funding Chemours' portion of the global settlement of the PFOA multi-district litigation settlement between DuPont and the plaintiffs. The company expects to complete the payment of its portion in August 2017. Following this payment, the company anticipates its net debt-to-EBITDA ratio will remain well below 3 times on a trailing twelve-month basis.

Also during the second quarter of 2017, as previously disclosed, Chemours repriced its existing Term Loan B to lower its interest rate spread. As part of the transaction, Chemours modified its credit agreement to provide a new class of term loans denominated in Euros and U.S. Dollars, in an aggregate principal amount of €400 million and \$940 million, respectively.

Cash provided by operating activities for the second quarter of 2017 was \$183 million, versus \$90 million in second quarter of 2016. Net working capital for the quarter was a use of \$83 million of cash, consistent with normal seasonal patterns. Free Cash Flow for the second quarter was \$114 million, a \$103 million improvement versus the previous-year quarter of \$11 million. Improvement in Free Cash Flow was due to higher operating earnings.

In the first half of 2017, cash provided by operating activities was \$224 million, versus \$126 million in the first half of 2016, which included a \$131 million benefit of the prepayment received from DuPont. Excluding the DuPont prepayment, 2017 year-to-date Free Cash Flow of \$86 million would represent a \$259 million improvement versus the previous-year's first half.

### Outlook

Vergnano commented, "We plan to build on the momentum of the first half and now expect to deliver 2017 Adjusted EBITDA within a range of \$1.3 to \$1.4 billion given the benefits of our transformation plan initiatives, lower levels of transformation-related costs in the second half, and the strength of our improving key end markets. We expect Free Cash Flow to be approximately breakeven, including the anticipated payment for the PFOA MDL settlement."

### Conference Call

As previously announced, Chemours will hold a conference call and webcast on Thursday, August 3, 2017 at 8:30 AM EDT. The webcast and additional presentation materials can be accessed by visiting the *Events & Presentations* page of Chemours' investor website, [investors.chemours.com](http://investors.chemours.com). A webcast replay of the conference call will be available on the Chemours' investor website.

<b>Adjusted EBITDA</b>	<b>\$ 361</b>	<b>\$ 187</b>	<b>\$ 285</b>	<b>\$ 647</b>	<b>\$ 315</b>

<sup>1</sup> Includes accounting, legal and bankers transaction fees incurred related to the Company's strategic initiatives.

<sup>2</sup> Includes litigation settlements, water treatment accruals related to PFOA, employee separation costs and lease termination charges.

<sup>3</sup> Total of provision for (benefit from) income taxes reconciles to the amount reported in the Interim Consolidated Statements of Operations for the three and six months ended June 30, 2017 and 2016.

Adjusted Net Income diluted earnings per share is calculated using Adjusted Net Income divided by diluted weighted-average shares of common shares outstanding during each period, which includes unvested restricted shares. The table below shows a reconciliation of the numerator and denominator for basic and diluted earnings per share and adjusted earnings per share calculations for the periods indicated:

	Three months ended			Six months ended	
	June 30,		March 31,	June 30.	
	2017	2016	2017	2017	2016
<b>Numerator:</b>					
Net income (loss) attributable to Chemours	\$ 161	\$ (18)	\$ 150	\$ 311	\$ 33
Adjusted Net Income	\$ 166	\$ 49	\$ 142	\$ 308	\$ 60
<b>Denominator:</b>					
Weighted-average number of common shares outstanding - Basic	185,069,436	181,477,672	183,408,309	184,243,461	181,379,419
Dilutive effect of the company's employee compensation plans <sup>1</sup>	6,057,203	—	5,741,621	5,899,412	668,410
Weighted-average number of common shares outstanding - Diluted <sup>1</sup>	191,126,639	181,477,672	189,149,930	190,142,873	182,047,829
Earnings (loss) per share - basic	\$ 0.87	\$ (0.10)	\$ 0.82	\$ 1.69	\$ 0.18
Earnings (loss) per share - diluted <sup>1</sup>	\$ 0.84	\$ (0.10)	\$ 0.79	\$ 1.64	\$ 0.18
Adjusted earnings per share - basic	\$ 0.90	\$ 0.27	\$ 0.77	\$ 1.67	\$ 0.33
Adjusted earnings per share - diluted <sup>1</sup>	\$ 0.87	\$ 0.27	\$ 0.75	\$ 1.62	\$ 0.33

<sup>1</sup> Diluted earnings (loss) per share is calculated using net income (loss) available to common shareholders divided by diluted weighted-average shares of common shares outstanding during each period, which includes unvested restricted shares. Diluted earnings (loss) per share considers the impact of potentially dilutive securities except in periods in which there is a loss because the inclusion of the potential common shares would have an antidilutive effect.

**The Chemours Company**  
**Reconciliations of Non-GAAP Information (Unaudited)**  
*(Dollars in millions)*

**2017 Estimated GAAP Net Income to Estimated Adjusted EBITDA Tabular Reconciliation**

Estimated Net Income <sup>1</sup>	\$605 - 680
Provision for income taxes <sup>1 2</sup>	195 - 220
Interest expense, net	~ 220
Depreciation and amortization	~ 280
Other reconciling items <sup>1 3</sup>	~ (0)
<b>Estimated Adjusted EBITDA <sup>1</sup></b>	<b>\$1,300 - 1,400</b>

<sup>1</sup> Our estimates reflect our current visibility and expectations of market factors, such as but not limited to, currency movements, TiO<sub>2</sub> prices and end-market demand. Actual results could differ materially from the current estimates due to market factors and unknown or uncertainty of other factors, such as, an estimate of non-operating pension benefit costs with respect to our foreign pension plans including settlements or curtailments, cost savings actions that may be taken in the future, the impact of currency movements on our results including exchange gains and losses and the related tax effects.

<sup>2</sup> Provision for income tax is based on our current estimate of geographic mix of earnings and does not include potential tax effect of future discrete items.

<sup>3</sup> Includes non-operating pension benefit income, exchange gains and losses, gain on sale of assets, restructuring and other charges recognized in the first half of 2017.

**GAAP Cash Flow to Free Cash Flow Tabular Reconciliations**

	Three months ended			Six months ended	
	June 30,		March 31,	June 30,	
	2017	2016	2017	2017	2016
Cash flow provided by operating activities	\$ 183	\$ 90	\$ 41	\$ 224	\$ 126
Cash flow used for purchases of property, plant and equipment	(69)	(79)	(69)	(138)	(168)
<b>Free cash flows <sup>1</sup></b>	<b>\$ 114</b>	<b>\$ 11</b>	<b>\$ (28)</b>	<b>\$ 86</b>	<b>\$ (42)</b>

<sup>1</sup> Cash flows from operating activities for the six months ended June 30, 2017 and 2016 include the DuPont prepayment of \$190 million received in the first quarter of 2016, of which \$0 million and \$131 million remain outstanding as of June 30, 2017 and 2016, respectively. Excluding the DuPont prepayment, free cash flows for the six months ended June 30, 2016 would have been negative \$173 million.

### **About The Chemours Company**

The Chemours Company (NYSE: CC) helps create a colorful, capable and cleaner world through the power of chemistry. Chemours is a global leader in titanium technologies, fluoroproducts and chemical solutions, providing its customers with solutions in a wide range of industries with market-defining products, application expertise and chemistry-based innovations. Chemours ingredients are found in plastics and coatings, refrigeration and air conditioning, mining and general industrial manufacturing. Our flagship products include prominent brands such as Teflon™, Ti-Pure™, Krytox™, Viton™, Opteon™, Freon™ and Nafion™. Chemours has approximately 7,000 employees and 26 manufacturing sites serving approximately 4,000 customers in North America, Latin America, Asia-Pacific and Europe. Chemours is headquartered in Wilmington, Delaware and is listed on the NYSE under the symbol CC. For more information please visit [chemours.com](http://chemours.com).

### **Non-GAAP Financial Measures**

We prepare our financial statements in accordance with Generally Accepted Accounting Principles (“GAAP”). Within this press release, we make reference to Adjusted Net Income (Loss), Adjusted EPS, Adjusted EBITDA, Adjusted EBITDA margin and Free Cash Flow, which are non-GAAP financial measures. Free Cash Flow is defined as Cash from Operations minus cash used for PP&E purchases. The company includes these non-GAAP financial measures because management believes they are useful to investors in that they provide for greater transparency with respect to supplemental information used by management in its financial and operational decision making.

Management uses Adjusted Net Income (Loss), Adjusted EPS, Adjusted EBITDA, Adjusted EBITDA margin and Free Cash Flow to evaluate the company’s performance excluding the impact of certain noncash charges and other special items which we expect to be infrequent in occurrence in order to have comparable financial results to analyze changes in our underlying business from quarter to quarter.

Accordingly, the company believes the presentation of these non-GAAP financial measures, when used in conjunction with GAAP financial measures, is a useful financial analysis tool that can assist investors in assessing the company’s operating performance and underlying prospects. This analysis should not be considered in isolation or as a substitute for analysis of our results as reported under GAAP. This analysis, as well as the other information in this press release, should be read in conjunction with the company’s financial statements and footnotes contained in the documents that the company files with the U.S. Securities and Exchange Commission. The non-GAAP financial measures used by the company in this press release may be different from the methods used by other companies. For more information on the non-GAAP financial measures, please refer to the attached schedules or the table, “Reconciliation of Non-GAAP Financial Measures to GAAP Financial Measures” and materials posted to the website at [investors.chemours.com](http://investors.chemours.com).

### **Forward-Looking Statements**

This press release contains forward-looking statements, within the meaning of the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995, that involve risks and uncertainties. Forward-looking statements provide current expectations of future events based on certain assumptions and include any statement that does not directly relate to any historical or current fact. The words “believe,” “expect,” “anticipate,” “plan,” “estimate,” “target,” “project” and similar expressions, among others, generally identify “forward-looking statements,” which speak only as of the date the statements were made. These forward-looking statements address, among other things, our agreement with DuPont relating to the MDL Settlement, the outcome or resolution of any pending or future environmental liabilities, litigation and other legal proceedings or contingencies, anticipated future operating and financial performance, business plans and prospects,

transformation plans, cost savings targets, plans to increase profitability and our outlook for Adjusted EBITDA and free cash flow that are subject to substantial risks and uncertainties that could cause actual results to differ materially from those expressed or implied by such statements. Forward-looking statements are based on certain assumptions and expectations of future events which may not be accurate or realized. Forward-looking statements also involve risks and uncertainties, many of which are beyond Chemours' control. Additionally, there may be other risks and uncertainties that Chemours is unable to identify at this time or that Chemours does not currently expect to have a material impact on its business. Factors that could cause or contribute to these differences include: whether the MDL Settlement becomes effective; the outcome of any pending or future litigation related to PFOA; the performance by DuPont of its obligations under the MDL Settlement; the terms of any final agreement between Chemours and DuPont relating to the MDL Settlement; and other risks, uncertainties and other factors discussed in our filings with the Securities and Exchange Commission, including our Annual Report on Form 10-K for the year ended December 31, 2016. Chemours assumes no obligation to revise or update any forward-looking statement for any reason, except as required by law.
